ERGO GRIP No-Scratch ECONAT™ Scouring

This Easy To Hold, No-Scratch Scouring Sponge is ideal for all household uses including non-stick cooking surfaces, glasses, dishes and so much more! Featuring a convenient self handle, it is excellent for those who want a more stable and easy sponge to use. It's design assures even pressure on scour surface for optimal cleaning results.

Our Natural Cellulose Sponge is highly absorbent, durable and is ideal for washing, rinsing and drying surfaces streakfree.

We make our sponges to fit your everyday needs. Every sponge you purchase from us is made from quality materials and workmanship. This is our business and we pride ourselves on being a North American sponge maker.

01532-PK

All Natural Cellulose absorbs like a sponge... wipes like a cloth... dries like a chamomis... ALL IN ONE!

Highly absorbent cloths are lint and streak free. Perfect for cleaning all surfaces and for instant drying

The scour in this sponge contains 20% finely ground walnut shells which create a natural non-abrasive scour surface. Walnut shells are natural, biodegradable and non-allergenic.

Choose The Best Sponge

Choosing the best sponge for your Natural cleaning includes avoiding those which contain an anti-microbial agent, a form of chemical used to kill bacteria. Bacteria in a sponge is eliminated by sterilizing it after use by putting in the microwave for 30 seconds. Our Natural Cellulose Sponges are made from a natural plant pulp and treated with a salt solution to naturally keep the sponge fresh until used. Our recycled scouring material creates the perfect sponge for not only your everyday cleaning, but for your home and our planet.
